

Today's Advantages

Port Hope offers your business many advantages now that you might not know about. And we have the ideal spot for you.

Port Hope isn't just about the future. There are many advantages for businesses right now.

Location

This, of course, is key. Canada's busiest highway, serving Toronto-Kingston-Montreal, runs through, and Centre Point is right there with a 1,600 ft. frontage. Capture business from up to 400,000 vehicles each week that go by our site.

Toronto, Canada's largest city, is a mere 45 minutes away. Plus 120 million North American consumers in cities like New York, Philadelphia, and Detroit are within one day's trucking distance. Air, rail and port connections are also nearby.

Population

You have a big market today with a population of over 400,000 within easy commuting distance. Many more visit Port Hope's attractions and prime vacationland; 300,000 annually just in the municipality.

There's also a regional workforce of over 200,000. This will get a lot better due to housing prices about half of Toronto's level and the unbeatable lifestyle.

Commitment

Port Hope is a visionary municipality with a leading edge development package to help industries get established and grow.

Cost

Best of all, low commercial land prices make Port Hope a business bargain.
